10 CENTS PER WEEK

## LEGS NOT NECESSARY.

A Newly Invented Bicycle Which Drives Itself—Muscle Thrown in the Shade.

The latest conception of the inventive genius who cater to requirements of the wheel world is the motor cycle. The novelty is intended to take the place of buggies and carriages and is designed to be of service at all seasons of the year and in every kind of going.

The tires are fully four inches in diameter and the vibration is reduced to a minimum. The motive power is produced by coal oil, and as soon as the rider takes his seat the machine does the rest. A gallon of oil will drive the single-seater motor 200 miles, while twice the quantity will send the new four-wheeled contrivance a similar distance with three passengers aboard.

The designer has long been before the public with his airship theories, and now that he has got down to terra firma the chances are that his ideas will be found of practical utility. Experts who have examined the two types of cycle think they are destined to play a prominent part among the season's inventions. Should a title of the inventor's hopes be realized, the public must be prepared to see citizens gliding along with far less waste of energy than is required to climb an elevator stairs or sprint from the sidewalk to catch a surface car. With a motor cycle, a gallon of coal oil and a box of matches the veriest cripple will be able to hold his own with the most muscular prodigy bestriding a wheel.

Another interesting development of the now almost universal interest in bicycles is the four-wheeler. This vehicle seems destined to a long lease of popularity. It consists of two ladies' bicycles connected by a carriage seat in which three passengers can seat themselves comfortably. The speed can be controlled at the operator's will, but just how fast a "scorcher" may send it along will not be known with any degree of accuracy until the practical speed trial is held at some date in the near future.

## THE BICYCLE RACES.

Two Splendid Events at the Park on the Fourth.

The Fourth of July morning will be a great day with the local wheelmen at the Trotting Association Park. A great handicap race program has been arranged and the immense crowd that will undoubtedly be in attendance, will be well paid for their time. The low price of admission, 15 cents, will enable all to be present. This charge is made simply to defray the necessary expenses of the occasion, and the races have been arranged by the club for no other purpose than to give the residents an attraction on that day. Consequently the promoters deserve the hearty co-operation of all in their efforts to arrange for the home people a splendid program on the holiday of all holidays, when the time is always taken up with sports and games.

## Grandpa Douglas.

T. W. Douglas, the genial depot master, returned this morning from Peoria, his face beaming with smiles and his step as elastic as that of a much younger man. He is a grandpa. A bouncing boy of ten pounds was born to Mr. and Mrs. W. B. Teft at their home in Peoria on Sunday morning and the proud grandpa is to-day holding a reception while on duty at the depot and is handing out cigars with lightning rapidity to all who congratulate him.

## To Camp on the Kaskaskia.

Mrs. Coddington and daughter, Miss Mabel Coddington, Mrs. Matheny, Mr. and Mrs. Robert Sipe and children, Miss Ella Gross of Atwood, Miss Beatrice Weisel, Oscar Mueller and Charles Traver, of this city, will leave Wednesday for a ten days' outing on the Kaskaskia. Mrs. Coddington and Mr. and Mrs. Sipe will act as chaperons.

## En Route to Springfield.

Tom Carson, Will Parcell, Frank Bills, Bob Morris and others to the number of fifteen passed through the city to-day for Springfield, as delegates from Cham-paign to the Democratic senatorial convention.

## No Smells

Should exist in an air-tight closet where food is kept, especially this hot weather. Therefore, food which you eat should be kept in a *Leonard Clearable Refrigerator*. LITTLE & ECKEL'S EDWARDS CO.

Everything reduction upon our entire line of fine goods. Goods sold for cash or by payments. Upholstering to order.

BACHMAN BROTHERS & MARSH COMPANY.

## AN ELECTRIC STORM

Does a Large Amount of Damage at Louisville.

### MANY HOUSES UNROOFED AND RAZED.

Electricity Causes a Panic Among Two Hundred Sewing Girls—Men Shocked and Burned by Falling Electric Wires, Etc.

LOUISVILLE, Ky., June 27.—Louisville was visited yesterday afternoon by a severe wind and electrical storm, which lasted half an hour. Many houses were unroofed and razed and the occupants had narrow escapes. Large shade trees were blown down and several people were injured by electric wires. The storm came from the southwest accompanied by heavy rain. The path of the storm was almost identical with that taken by the fatal tornado of March 27, 1890.

Twelve persons had a narrow escape in a house at Twenty-eighth street and Greenwood avenue. Mrs. Herman Zeileh, her children and those of a neighbor were in the house when the storm struck. The roof was blown off and carried 200 feet. The occupants of the house were buried in the falling debris, but none were injured more than a few scratches and bruises.

At the jeans clothing plant of Tapp, Leathers & Co., 823 West Main street, where 200 girls and women are employed, a panic reigned. The sewing machines are run by electricity. The electric wires feeding them became overcharged and many of the girls were shocked or fainted. Mary Wager was badly burned about the arms and neck, as was also Belle Ackerman. Both are in a serious condition, the latter being in convulsions up to a late hour. Twelve other girls were carried out insensible, but soon revived.

Directly opposite two men, George Englert and Louis Klopheke, were badly shocked and burned by fallen electric wires.

Many minor accidents are reported but no fatalities. In New Albany, Ind., directly across the river, the wind was also severe, and much damage resulted from fallen trees and flying debris.

### THE PULLMAN TIE-UP.

A Partial Countermand—Marshals to Protect Railroad Property.

CINCINNATI, June 26.—The was no attempt to tie up the Pullman cars in Cincinnati to-day, nor will there be tonight. Cincinnati was exempted from the order of the American Railway union to begin the boycott at noon to-day.

This was the instruction received by Mr. F. W. Phelan, American Railway union representative here, at 8 o'clock this morning from President Debs in Chicago. Mr. Phelan asked to explain the situation further from his standpoint, said:

"I am of the opinion that the countermanding order was sent because the railway union does not wish to tie up too much territory at once. There is no desire to put any more inconvenience upon the public than we are compelled to."

The local Pullman officials do not appear to be much disturbed. They say that many applications have already been filed for work, and that the company has a surplus of cars at hand. United States Deputy Marshal Willis Cox, at Covington, Ky., received orders from Judge Wm. Taft, of the United States court this morning to issue a call for United States deputy marshals of Kentucky at Louisville, Jackson, Moorhead, Mount Sterling, Pineville and Pittsburgh to report at the government building in Covington, there to await orders.

Judge Taft's action is to protect property of the Southern railroad, which is in control of the United States government. The marshal was also instructed to swear in private citizens as marshals, should the emergency arise and the railroad property be seriously threatened at Ludlow or other points. And, finally, if necessary, the United States troops will be called out.

### BEATEN TO DEATH BY A MOB.

Awful Fate of a Man on Trial for Committing an Outrage.

SPRING VALLEY, Ill., June 26.—There was a sensational scene in Justice White's court this afternoon, followed by a mad rush on the part of 300 enraged foreigners upon the prisoner, Wm. Pinkerton, who was on trial for an assault on Anna Baroski, committed last Friday.

Pinkerton made a leap out of an open window, but was soon caught and beaten to death by the mob. The crash occurred during the testimony of the girl, her description of the outrage committed by Pinkerton, inciting her friends and neighbors to avenge the wrong. The justice and lawyers made their escape soon after the trouble began, and Pinkerton was left to his fate.

It cures blood and skin disorders. It does this quickly and permanently. Is there any good reason why you should not use DeWitt's Sarsaparilla. It recommends itself. C. H. Dawson.

Dr. DeWitt's Sarsaparilla

## GOVERNMENT CROP REPORT.

Generally Favorable Conditions and Good Prospects Reported.

WASHINGTON, June 27.—The weekly crop report of the weather bureau of the agricultural department gives the following results by states:

Virginia—Drought becoming serious generally; wheat harvest generally completed; crop short in quantity, but fair in quality; oats and straw generally very poor.

North Carolina—Cotton still late and small, but growing rapidly and blooming; laying by corn begun; tobacco poor; all crops unusually clean and well cultivated.

South Carolina—A general improvement is noted for all growing crops; corn small, but doing well; early corn will not make more than half a crop.

Georgia—Rainfall is still insufficient to properly wet the soil.

Florida—Rains have greatly improved field crops, groves and gardens.

Alabama—Cotton very much improved, blooms becoming general; late corn looking much better; vegetables and melons doing well; crops clean.

Mississippi—Cotton small, clean and well fruited; early corn good, but late corn not promising; gardens and potatoes below average in the north, but good elsewhere.

Louisiana—More rain is needed in northwest portion; cotton good, stand, blooming nicely; few worms; corn and rye have improved; cane excellent; large sweet potato average being planted.

Texas—Cotton doing well and in good condition; corn crop promising; oat harvest about completed.

Arkansas—Cotton improved; plant healthy, and good stand, but small; corn doing only fairly well, needs rain badly.

Tennessee—Where local rains have fallen crops are much improved; wheat about all harvested; threshing commenced; crop fairly good; oats, hay and pastures very poor; corn suffering for rain; cotton improving.

Kentucky—Wheat harvest nearly completed, a fine yield; corn still improving very rapidly; early planted tobacco looks well, but late sowings are dying on account of lack of rain; oats and timothy are opening.

Missouri—In western sections meadows, pastures, oats and meadows much improved, and corn growing rapidly, but in eastern portions corn has been retarded by drought.

Illinois—Hail in many localities damaged crops; corn good and making rapid growth, but needs rain; wheat harvest progressing.

Indiana—Wheat harvest progressing; quantity and quality good; corn has made rapid growth; color good; timothy and clover good; oats fair; potatoes, large; peaches; pastures doing well; tobacco planting about completed.

West Virginia—Weather favorable for corn and wheat; crops need rain; some wheat and rye cut; yield fair; clover light to moderate.

Ohio—Wheat being harvested in south portion; clover cut in good condition; light yield; corn is improving; tobacco, potatoes, meadows and pastures needing more rain; rye ready to harvest.

Michigan—All crops have made good progress, except in southern section, where lack of rain has injured oats, hay and pastures.

### Long-Distance Commonwealers.

FORT WAYNE, Ind., June 27.—Gen. Cantwell's commonwealers from Tacoma, Wash., numbering 100, arrived in this city yesterday noon, having traveled 2,700 miles. The men came in on a Pennsylvania freight train which they boarded at Chicago Monday night.

Gen. Cantwell is a robust-looking man of about 35 years. He spoke to an audience of laboring men last night at the city hall. The army will leave for Washington this evening. They expect to arrive there July 5.

### Baseball.

The following games were played yesterday:

At St. Louis—New Yorks, 4; St. Louis, 3.  
At Washington—Pittsburghs, 8; Washingtons, 5.  
At Chicago—Baltimore, 14; Chicago, 6.

If dull, spiritless and stupid; if your blood is thick and sluggish; if your appetite is capricious and uncertain, you need a Sarsaparilla. For best results take DeWitt's. It recommends itself. C. H. Dawson.

EMPEROR WILLIAM of Germany is composing songs because Frederick the Great indulged in that occupation. If William's songs aren't better than Frederick's, posterity won't thank him.

BISHOP WILLIAMS of Connecticut, the Presiding Bishop of the Episcopal church, though a very old man, is in vigorous health, and does all the work pertaining to his office without any trouble.

PARKER PILLSBURY of Concord, N. H., who was a prominent worker in the abolition movement with Garrison and Phillips, has had a slight stroke of paralysis.

### Nurse, What's the reason

that so few diseases are treated intelligently?

"Because few doctors investigate and discover true remedies themselves! Most of them merely experiment with theories and discoveries which they don't understand. This

Dr. Wheeler's Nerve Vitalizer that I am giving you is a discovery not down in the books. It is the true remedy for your

Nervous Prostration or any and all nervous troubles, such as Sleeplessness, Debility, and so on. It is a remedy applied intelligently by the discoverers themselves."

PRICE, \$1.00 A BOTTLE. Inquire of druggists for free sample. If not found, write me, enclosing five cents (stamp) for postage. The doctor gives away a bottle to any nerve sufferer. All

REFORM MOVEMENT.

The Congregational Club Have a  
Banquet and Discuss Mu-  
nicipal Reform.

The Young Men's Sunday Evening  
Club of the Congregational church had  
a banquet at the St. Nicholas hotel last  
evening to mark the close of the season  
of the club. About 150 persons were  
present including those not members  
both men and women who were the  
guests of the club. The Opera House  
orchestra furnished the music for the  
occasion. The club discussed municipal  
reform and took some action with  
the view of bringing about a reform in  
the government of Decatur. President  
C. R. Briggs called the company to or-  
der and after making some remarks  
presented George R. Bacon as chair-  
man of the evening. Mr. Bacon  
on taking the chair, made a brief speech  
and introduced Rev. W. C. Miller, who  
made a brief talk on the subject before  
the club. The other speakers were H.  
P. Page, Dr. R. L. Walston, Robert L.  
Hunt, W. H. Starr, James T. Whitley,  
C. A. Wait, William Traver and Dr. S.  
J. Bumstead.

Rev. W. C. Miller said it was time for  
good citizens to inquire why it is that  
the evil in the city overcomes the forces  
placed to hold it in check. This evil has  
money and uses it. Good citizens must  
organize as they are organized. Men in  
business seem to be afraid of injuring  
their material interests by combating  
these forces. If that is the case, we  
must show those men that they dare not  
do anything else than oppose these evil  
influences. Mr. Miller hoped that as  
this club had dropped its organization,  
as the purpose for which it was organ-  
ized will not exist for a time, out of it  
would grow an organization devoted to  
municipal reform.

H. P. Page in the course of his re-  
marks said that the question uppermost  
in the minds of those selecting alder-  
manic candidates was not how capable  
an official he would make, but whether  
he could carry the saloon vote, and  
whether in addition he was smooth  
enough to carry the church vote also.  
We must put into our politics the same  
astuteness we use in our own business.  
The enemy is thoroughly organized and  
to get reform we must be organized.

Dr. R. L. Walston said that there is  
not a city in the United States that is  
not under the control of the mob ele-  
ment; that this condition was not so  
because there was not moral stamina  
and brain enough, but because the  
moral element is divided. The thing to  
do is to organize; find out what the evil  
disposed do not want and then give them  
that with all our might. The members  
of churches want good government but  
they scatter among different parties and  
do not act as a unit.

Robert I. Hunt thought we could do  
nothing until we can get our citizens to  
rise above party politics and get them to  
vote for the best interests of the com-  
munity. The laws are not so bad but  
their execution is bad. Before we can  
get a strong execution of the laws we  
must rise above the exigencies of party  
and vote according to our convictions.  
Our patriotism is of that sort that does  
not admit of our rising above party and  
vote for cleaner municipal government.

W. H. Starr disclaimed being a poli-  
tician and gave it as his conviction that  
reform could go no farther and no  
faster than public opinion goes. He had  
been an alderman and had tried to do  
things he thought best and had gone to  
a neighbor or a friend and suggested it  
but he found discouragements. Officers  
can do nothing unless they are backed  
by public sentiment. A reform club  
of 200 or more good citizens working to-  
gether might do something.

James T. Whitley thought that we  
need not expect at once to overcome the  
evils of our city, but that agitation  
would create public sentiment. The  
place to strike, he thought, was at the  
officers. We should see that our officials  
discharge their duties. Every gambling  
house would be closed at once if the  
gamblers thought the law would be en-  
forced. If those now in office refuse to  
enforce the law, we must put in men  
who will enforce it.

C. A. Wait said it was generally ad-  
mitted that we have had enough of the  
present form of government. He thought  
great good might come of investigation;  
he had been told by a lawyer that the  
police arrested men, divided what they  
had with the justice, and the city got  
nothing. A recent grand jury found 300  
indictments, and 90 of them had been  
quashed because of immaterial super-  
fluous in the use of certain words. An  
investigation might develop the reason  
why five gamblers worked at a Republi-  
can primary for a candidate; find out if  
one of the present politicians was taken  
from a force of gamblers. Politicians  
will obey our wishes so long as they see  
we are determined.

William Traver simply pledged his  
support to a movement for good govern-  
ment.

Dr. Bumstead doubted if there could  
be any permanent reform until suffrage  
ceased to be universal. He favored  
suffrage for women as long as men had it.  
The club might appoint a committee to  
investigate municipal affairs during va-  
cation of the club, and when they come  
together in the fall it could be deter-  
mined what to do.

After some remarks by the chairman  
it was agreed to form a club for muni-

pal reform, and then the committee was  
named as follows: John Ulrich, R. L.  
Walston, W. T. Wells, H. P. Page and  
G. R. Bacon. The duties of the com-  
mittee are to consider a plan of organiza-  
tion and report at a future meeting.

THE BOAT CLUB.

To Give an Entertaining Program  
at the Park on July 4th.

The Riverside Park Boat company will  
give the grandest entertainment they  
have ever given since the park was  
opened. The program will consist of:  
Canoe race, 400 yards and return, first  
and second.

Tub race, forty yards and return, first  
and second.

Duck chase. The ducks will be let  
loose in the middle of the river, each  
boy catching a duck will get the duck  
and a cash prize.

A sparring match on a twelve foot  
platform between two amateurs, best  
three in five rounds. Each round will  
end when one or the other is knocked  
into the river.

An obstacle swimming race. The swim-  
mer will be required to go over ropes  
and logs, through barrels, under plat-  
forms, etc.

A rowing match, best three falls in  
five, on a 12 foot platform in the middle  
of the river, a fall to be a clean throw  
into the river. If both boys go off the  
platform it is a draw, to be tried again.

To wind up with a good, hearty laugh  
at the boys on the greased pole.

In the evening there will be a good  
display of fireworks, to wind up with a  
grand illuminated flotilla of 40 row boats  
and the steamboat, all decorated with  
different colored lights. Each boat will  
be supplied with fireworks. The steamer,  
City of Decatur, will tow them up and  
down the river as far as Allen's bluff  
and return.

This entertainment is free, and all are  
welcome.

The entertainment will begin at 7:30  
in the afternoon and 8 in the evening.

All who wish to enter these contests  
will hand in their names as soon as pos-  
sible. Entries will close July 1.

A Pleasant Affair

The entertainment and so on, given  
last night by the young men of Grace  
church Sunday school at the residence  
of A. W. Conklin was a brilliant suc-  
cess. As hostess and master of cere-  
monies Mrs. Conklin demonstrated her-  
self an adept. The artistically fur-  
nished rooms of the large and elegant  
mansion were filled to overflowing with  
a happy, merry crowd of fully attired  
young men and women who were highly  
entertained by the masterly ordering  
of the following programme:

Senior Solo. Harry Holmberg. Junior Solo. Harry Holmberg. Quartette. Harry Holmberg, Arthur, George, and Arthur. This class of young men was organ-  
ized seven years ago. During that time  
there have been one hundred and fifty  
members. At present there are thirty-  
five. The teachers have been Mrs.  
Woodward, Mrs. Stafford, Mrs. Ida  
Kain and Mrs. A. W. Conklin.  
Refreshments were served. The class  
will clear about twenty five dollars.

Alleged Highway Robbery.

Charles Moran, who was on a spree  
yesterday afternoon, claims to have been  
held up and robbed last evening near  
the old trolley factory, by three men. Mo-  
ran was knocked down, beaten and  
kicked, and then the assailants attempt-  
ed to force him to be chased by the officers  
who had been notified of the outrage.  
Officers Williamson and Horton caught  
Pete Williams, a negro tramp, and  
Carr, a white tramp, who were placed in  
a wagon and taken to police headquar-  
ters, where a big crowd gathered, block-  
ing the sidewalk. The third man in the  
assaulting party got away. Moran was  
brought to the station house in a buggy.  
He was attended by Dr. Dixon, who  
dressed the deep cuts in his face. Carr  
and Williams are in jail. They deny  
that they had robbed Moran of two dol-  
lars.

The Colored Camp-Meeting.

The meeting was all one could expect  
last night. Rev. Thomas and his choir  
rendered some choice music and, Mr.  
Barton preached a good sermon. There  
is a growing interest manifested in  
the meetings will close Sunday night.  
To-night song service with a  
speeches. Friday night the African  
will lecture again. Those who have  
him last week were satisfied. We  
for them last. If you would hear  
thing about that dark continent, one  
of the natives come out and  
Bro. Payne. He is a member of the  
E. church and a student of the  
College, Nashville, Tenn. He is pre-  
paring himself to go back and help lift  
his people. He lectures in the summer  
season to raise money to support his  
in school. A collection will be taken  
this time.

Free.

Corner Main and Water Streets.

WEDNESDAY, JUNE 27, 1894.

**SLOW WORK IN COURT.**

Another Adjournment Until Thursday Afternoon—Grand Jury Discharged.

There is very slow progress in court in the trial of the J. B. Creekmur murder case, simply because there is not enough men on hand to be examined as to their qualifications as jurors. The supervisors held a special session of two days to put names in the box, but it seems they put in too many. The members should have been limited to 300, and now the board will have to meet again.

This afternoon the court excused Mr. Drury who had been accepted and sworn as a jurymen in the case, and the defense peremptorily challenged G. M. Proctor, who had also been accepted. This leaves only six men who are acceptable to both sides.

**GRAND JURY DISCHARGED.**  
The grand jury brought in a number of bills and were discharged by the court.

**COMMON LAW DOCKET.**  
Christina A. Lelander vs. James W. Huddleston, attachment, proof of publication. Rule to file by tomorrow morning.

Sarah Harbison, Adams vs. Ben A. Sands et al., trespass on the case, leave to show to amend return or summons.

John A. Dawson vs. W. W. Tucker and Susan M. Wacker, assumption, immediate execution granted.

**CHANCERY DOCKET.**  
W. L. Shellabarger vs. P. H. Greco and Charles N. Tardell, foreclosure. Rule on defendants to close testimony in two days.

Margaretta Prechtler, guardian, vs. Charlotte V. Ewing et al., foreclosure. Decree pronounced and referred to master.

John Ulrich vs. Harriet B. Halstead, foreclosure. Dismissed as prepayment on file.

Frederick Muller et al. vs. Thomas and Mary Andrews, creditor's bill. Leave to be amended answer instant.

Daniel L. Shutter et al. vs. Charles A. Shutter et al., partition; G. V. Loring, J. S. Fomell and S. E. Graham, appointed commissioners.

The Savings Fund Building Association vs. John N. O'Connell et al., foreclosure, report of master approved, decree, \$100 solicitor's fee taxed as costs.

John Frank vs. Lydia Buskirk et al., foreclosure, report of master approved. Decree.

John McAllister vs. Martha J. Graves et al., foreclosure, report of master approved. Decree.

**OFFERED SPLENDID SITES.**

The H. Mueller Mfg. Company May Leave Decatur.  
For some time past the H. Mueller Mfg. Company on East Main street, owing to the limited space in their present quarters, have been considering several sites locally and at a distance. Three Indiana towns, Elwood, Alexander and Anderson, have each offered a good bonus to get the factory, and among other inducements offer free gas and free sites. A large Iowa city goes further, and agrees to exempt the Co. from taxes for a period of ten years. Several sites on the outskirts of Decatur have been talked of, but at present it would be more favorable to the company to accept the propositions offered from the distance. This factory employs over 50 people regularly and has a weekly payroll of over \$500. Their business is of that character that their shipments reach all states in the Union and it is not at all a local concern. The demand for their goods is growing every day and Decatur could not afford to stand by and let another city secure this enterprise. Decatur has secured many an enterprise that has not done for the city in ten years what the H. Mueller Mfg. Company's factory has done in one.

**THE MEMORIAL DAY STAND**

At Greenwood Cemetery to Be Sold to the Highest and Best Bidder.

Sealed bids will be received by the trustees of Dunham Post, No. 141, G. A. R. for said stand, reserving the right to reject any and all bids. Bids may be left with Geo. R. Steele at the postoffice up to 10 o'clock a. m. July 7th, 1894, at which time they will be opened.

**NORMAN PRINCE,**

**LOOKS LIKE A BIG ROW.**

The Railroad Strike Looks Bad—  
Illinois Central and Great  
Northern Systems  
in Trouble.

[Special to the Republican]  
CHICAGO, June 27.—The strike situation is worrying everybody. The Illinois Central is getting some passenger trains through, but is virtually tied up, while the American Railway Union officials have formally ordered the Illinois Central and Great Northern systems to be tied up. It looks like a big row. The roads are not yet refusing any freight.

**FRENCH PRESIDENT ELECTED.**

CHICAGO, June 27.—Casimir Perier, President of the Chamber of Deputies, has been elected president of France, to succeed Carnot. He received 451 votes on the first ballot; a majority of 170.

**HOT WORK AT SPRINGFIELD.**

[SPECIAL TO THE REPUBLICAN.]  
SPRINGFIELD, June 27.—The Democratic state convention is in session. Gen. J. C. Black, Franklin MacVeagh and Hon. A. J. Hunter have been placed in nomination for U. S. senator. No ballot yet.

**PERSONAL MENTION.**

Miss Grace Hamsher is visiting friends near Okeana.

C. G. Lemon, of the Northern Pacific, was here to-day.

John Mundy, a well-known real estate dealer of Lincoln, was in the city to-day.

Born to Mr. and Mrs. H. G. Boyer, 735 Central Avenue, June 25, a daughter.

James Affleck, of Belleville, is in the city to-day visiting his daughter, Mrs. Edwin Park.

Rev. D. F. Howe and family will leave shortly for a visit with relatives at Higginsville, Mo.

Mr. and Mrs. John Evans, of Waukegan, Wis., are the guests of their daughter, Mrs. M. Johnson.

Miss Lola Champion has returned to her home in Green Bay, Wis., after a visit with Miss Daisy Dodson.

Mr. and Mrs. Robert Tuggart and son, Robert, Jr., are spending a few days at French Lake, Southern Indiana.

Geo. H. Hines, traveling passenger agent, and L. B. Butts, traveling auditor of the Illinois Central, were here to-day.

Mrs. Mary Lytle, who has been in the city visiting Capt. L. P. Lytle and family, left to-day for her home in Topeka, Kansas.

Miss Maud Martin will leave the latter part of the week for northern Michigan on an indefinite visit to friends and relatives.

Miss Phoebe Kreider, of Jacksonville, was in the city a few minutes to-day and was the guest of her friend, Miss Maud Martin.

Dixon Kautz, who has been attending school at Lehigh, Pa., passed through the city to-day en route to his home in Moweaqua to spend the summer vacation.

Mrs. John Freeman will give Benj. Freeman and a company of friends a grand picnic on the 4th of July at her home on Paradise farm, near Moweaqua. It will be in honor of his twenty-first birthday.

**The Postoffice Change.**

It is now arranged that Jerry Donahue will take possession of the Decatur postoffice late Saturday night, after the retiring postmaster, Dr. Hubbard, shall have paid off the men and closed up his official career in due form. Mr. Donahue will see that the machinery is properly oiled and will have the office open for the window delivery of mail Sunday morning July 1 at 9 a. m. No doubt Mr. Donahue will make several speedy changes in the office force. We will have to wait to learn who will have to go.

The Spencer & Lehman company have the exclusive agency for the celebrated Troy Carriage company's surreys, also for the Honney Buggy company's full line of goods. A full assortment of carriages, buggies, road wagons, etc., constantly on hand. Prices cheap and work warranted. feb6-6m

Chas. T. Hahn, the well known real estate dealer, has by dint of energy and push, worked up a large and profitable business in his special line, and notwithstanding the general depression, has been able to consummate several satisfactory deals during the season.

The grand jury which adjourned to-day was in session 21 days. There were over 250 witnesses examined, and 61 indictments returned. Jackson was indicted for rape, burglary and for carrying concealed weapons.

James Van has a sprained ankle and has to use a crutch to get around. He sampled Ben McReynolds high bicycle and he foundered about in getting off.

The Y. M. C. A. base ball club is playing ball with the Argenta team to-day at Argenta.

**DIED.**

At the home of his wife, Mrs. James Ryan, 105 East Main street, illness of consumption, Miss Lizzie Rankin, aged 16 years.

**STRADER-DAVIS.**

A Happy Home Wedding on West Packard Street To-Day.

This morning at 11 o'clock, at the home of the bride's parents, Mr. and Mrs. R. T. Davis, on West Packard street, occurred the marriage of Miss Mary E. Davis to David A. Strader in the presence of about 75 friends. As Mrs. Newt Davis played Mendelssohn's wedding march the happy couple passed through the rows of guests standing at the sides of the double rooms, taking their place under a canopy of smilax and pink carnations, while behind them was a beautiful bank of palms and hydrangeas. Here they were met by the Rev. D. F. Howe, who performed the full ring ceremony of the Methodist church. During the ceremony and while the congratulations were being extended to Mr. and Mrs. Strader, the soft strains from the piano were heard.

The bride was attired in a beautiful cream crepe gown, and carried a bunch of bride's roses.

After congratulations, the guests partook of a dainty wedding lunch served by Mr. Garrett.

Mr. and Mrs. Strader will make their home for the present at 723 West Packard street.

The many friends of the couple wish them a long and happy life. The bride is well known as an earnest Christian Endeavorer and church worker. By her lovely disposition she has gained many friends. For several years she has been a very successful teacher in the public schools of this city.

Mr. Strader is well known in the city, being the present president of the Decatur Endeavor Union, and a member of the board of the Y. M. C. A. He is the assistant bookkeeper for the Hawthorn Check Rower company.

**AN EASY VICTIM.**

Twenty-Five Dollars Taken from a Stranger by a Confidence Game.

A smooth trick with moss and whiskers on it was turned successfully at the Union depot at an early hour this morning by a stranger who effected his escape. The victim was a young man named Edward McQuinty, who had just arrived from New Corwine, Ohio, looking for a job. The scheming stranger, who is described as 37 years of age, smooth face, 5 feet 8 inches tall, weight 150 pounds, wearing a suit of dark clothes, sack coat, and soft hat, got into conversation with McQuinty.

He was told that a job as a conductor on the Illinois Central railroad could be had, but it would be necessary to advance \$25 to get a regulation suit. That was the custom, and before the application could be considered the money would have to be put up. Mr. McQuinty thought everything was perfectly straight and he handed over the \$25 to the stranger, who shortly after disappeared and has not since been seen or heard of in or around the depot.

It finally dawned upon McQuinty that he had been made the victim of a confidence game, and he reported his experience to the police; but of course it was too late then to capture the swindler.

Mr. McQuinty will go to Oulton on the P. D. E. road to visit B. A. Burres, a farmer residing near the station.

**ANOTHER SPECIAL MEETING**

The Board of Supervisors Called in Special Session Again.

The board of supervisors, after having, as they supposed, completed the work of arranging for the drawing of additional jurors, and many of the members had gone home, have again been called together. It seems that the law requires the board to select 100 names for each trial term and put them into the box from which they are to be drawn. The board had selected some 900 to 1,000 names, but had not selected 300 from that list and placed them in the box as the law requires. The board will meet this evening again to comply with this requirement of the law.

**Adjourned This Morning.**

The fourth annual convention of the Epworth League Decatur district, which convened Monday night at Warrensburg, adjourned this morning after a most successful session. Over 70 delegates were in attendance. Rev. Galeener was chairman, and yesterday afternoon Dr. Wilder, president of the Wesleyan University, delivered an address on "Higher Education." Rev. D. F. Howe at the meeting last night spoke on "Inspiration Points."

**SENATORIAL CONVENTION.**

The Republicans of the various counties comprising the First Senatorial District of Illinois, are hereby invited to send delegates to a convention to be held at the court house in the city of Decatur, Ill., at one o'clock p. m. on Thursday, August 2, 1894, for the purpose of nominating a candidate for state senator and two candidates for the House of Representatives, and of transacting such other business as may legitimately come before said convention. The hosts of representation and the number of delegates to which each county in the district is entitled will be the same as that fixed for the State convention to be held at Springfield July 25th, as follows:

Christian County 10 Delegates.  
Macon 15  
Monticello 4  
Total 29

C. A. PARSON,  
CHAS. W. FRANKLIN,  
F. E. ASHWORTH,  
Senatorial Committee.

Called June 25, 1894.

## LATEST FASHIONS.

[illegible]

## A BATTLE ROYAL.

The Pullman Company and the American Railway Union

### BEGIN A LIFE AND DEATH STRUGGLE.

Which is Expected to Affect Nearly Every Railroad Company and Employee in the Country—United Labor Against Aggregated Capital.

CHICAGO, June 26.—The boycott declared against the Pullman Palace Car Co. by the American Railway Union went into effect at 12 o'clock today. The order is supposed to include every railroad in the United States which handles Pullman cars, and, as declared by the union officials, every road which insists upon running the sleepers will be subjected to a strike, if necessary.

As a result of the boycott, all the switchmen in the freight yards of the Illinois Central went out at 6:10 o'clock this evening, and no freight of any character is being handled in the yards. The order to strike was issued this afternoon, but not served until late, and after it became apparent that the Illinois Central officials were determined to run the Pullman cars.

In addition to the freight switchmen, it is expected that the men working in the upper yards handling the passenger trains will go out to-morrow morning. The strike was sudden, and so far is effective, taking the officials by surprise, and leaving the work in the yards in bad shape.

When the boycott order became effective this noon it marked the beginning of what is expected to be the greatest struggle between capital and labor ever inaugurated in the United States. It is a battle in which an effort will be made to unite all railroad employees in the country in one common effort to secure better wages, and while the boycott is ostensibly declared as a demonstration of sympathy in behalf of the strikers in the Pullman shops, it is in reality a life and death struggle between the greatest and most powerful railroad labor organization and the entire railroad capital. The Pullman boycott means the permanent success of the one organization through which it is sought to unite all employees of railroads.

For this reason the strike on the Illinois Central will be of the greatest moment, both to the employees and the railroads. About 400 men are included in the freight switchmen's unions, two in number, and when the passenger switchmen go out it will swell the number to about 500.

It had been announced to-day that no trains to which Pullman sleepers were attached would be permitted to go out of the Illinois Central depot after 10 o'clock, and as a precautionary measure the company had all of its passenger trains made up last night. The coaches were chained together, padlocked and sealed with the company's seal at the couplings, and in addition each train carried a guard of ten special officers employed by the railroad.

The first train left at 1:35 and three other trains were sent out at 10 o'clock to-night with guards and from one to two sleepers.

The engineers and trainmen received orders from their chiefs to-day not to take part in the boycott or assist the union men in any way, and the railroad company relied on this to a great extent in getting out their trains. The union officers claim, however, that all of the men are in sympathy with the strike and boycott and that the switchmen were ordered out merely to protect the passenger trainmen who would be unable to render efficient aid by themselves.

Up to a late hour to-night no other orders for strikes were issued, but to-morrow, it is understood that all American Railway Union men on the entire Illinois Central system will be called out unless the officials consent to join in the Pullman boycott.

On the other roads no trouble was had in running out trains, although it is expected that because of the Chicago & Erie sending out trains under guard a strike will be ordered on that road.

With the remainder of the Chicago railroads it is the intention of the officials to allow the Pullman cars to be carried out of Chicago, but to prevent their return.

At about 9 o'clock to-night a mob of switchmen and sympathizers congregated at Grand Crossing, the junction of the Illinois Central and other roads out of Chicago, and overpowering the one or two special officers there, took charge of the signal gates and refused to permit the passage of Illinois Central trains. The signal men, who were members of the American Railway Union, had gone out with the switchmen and left the gates in the care of the detectives.

The St. Louis Diamond special, leaving Chicago at 9 p. m., was caught at the crossing and held for nearly an hour. The officials of the road were notified, and a request for police protection brought out a squad of police from Grand Crossing station. The mob was driven away without violence and the officers opened the gates themselves.

The men again attempted to take control of the signals, but were repulsed.

At 11 o'clock it was reported that the mob had dispersed. The only damage done was the breaking of one or two of the signal lamps, which were replaced.

The Western express on the Pennsylvania, due at Chicago at 9 p. m., was also held at the crossing on account of the refusal of the mob to open the signal gates, but after a delay of a half hour the strikers let the train through on account of its carrying a mail car.

Late to-night all suburban trains on the Illinois Central were abandoned on account of the trainmen who are members of the American Railway Union, joining the switchmen in their strike.

As early as 8 o'clock trains were abandoned, but the officials made efforts to get one or two through later in order to accommodate suburban travelers.

The passenger train on the Eastern Illinois road, which left the Polk-street depot at 10:20 p. m., came to a stop at Kensington, where the tracks of the Western Indiana terminal cross the Illinois Central. The strike of the Illinois Central freight switchmen was responsible for the trouble. The train was blocked with railroad men belonging to the union and others who prevented the progress of the train until the police arrived and dispersed the crowd. The switches at the crossing were operated by the Eastern Illinois men, because that was the last road to lay its tracks there.

Vice-President Hanrahan of the Illinois Central, said to a reporter for the United Press to-night: "I don't know yet whether the switchmen are on strike or if they have quit only for the night to attend a meeting of the union. The freight switchmen could not have chosen a better time to strike as far as we are concerned. We are not moving much freight now or passengers."

A mass meeting of about 1,000 railroad men, trainmen and yardmen, employees of the roads entering the city from the south side, was held this evening at Thirtieth and Union streets. President E. V. Debs, of the American Railway Union, and Vice-President Howard, of the same organization, addressed the gathering, explaining the cause of the Pullman employees and outlining the aggressive plan of action to be followed by the railway union in the fight it has begun against practically all the railroads of the west. The meeting, which was held for the purpose of strengthening the organization of the American Railway Union on all lines, was very enthusiastic, the utterances of the various speakers being received with hearty applause.

Only Partial Observance at St. Paul. ST. PAUL, Minn., June 26.—The first serious effect of the American Railway Union's attempt to boycott the rolling stock of the Pullman company was felt here at noon, when all car cleaners, machinists and carpenters employed on Pullman cars in the Northern Pacific yards deserted their places. At the Como shops also the painters and carpenters repairing Pullman coaches laid down hammers and brushes and went directly to their homes.

At 4:15 p. m., when the Portland express was made up, American Railway Union men attempted to get the train crew to desert their places. Several officers of the Northern Pacific company were summoned to the depot, and after a plea that it would be unjust to through passengers to delay them, the men consented to move the train, leaving the depot at 4:22, about seventeen minutes late.

Local officers of the American Railway Union received the following this morning:

Boycott against Pullman cars in effect at noon to-day, by order of convention.

(Signed) E. V. Debs, President.

Reports from the Union depot indicate that all but two trains got out on time.

Will Run Their Trains with Pullman Cars as Usual.

CLEVELAND, O., June 26.—Only two railroads entering Cleveland will be affected by the boycott of the American Railway Union against the Pullman coaches—the Baltimore & Ohio and the Erie—and up to the present time no intimation of trouble on either of those roads has been given. It was asserted this afternoon at the office of both companies that they would run out their trains with Pullman cars to-morrow as usual. So far as known the American Railway Union has not a single member in this city.

The Order to Boycott Was Received Too Late.

DULUTH, Minn., June 26.—The Northern Pacific left this afternoon as usual with Pullman sleepers, the orders from Chicago having been received too late to go into effect to-day.

The Omaha train which is due to leave at 11 o'clock had been made up early this morning, and with the aid of Round House Foreman Cole and Supt. Trenholm, who coupled the engine to the train, left on time. A switchman, it is said, was discharged by Supt. Trenholm for refusing to handle the train. The men are orderly and no violence is threatened.

Must Return to Work or Be Discharged.

CINCINNATI, June 27.—The manager of the Pullman shops in Ludlow, Ky., has posted a notice that all striking employees who do not promptly return to work will be discharged. Twenty-eight of the strikers returned yesterday under that notice and resumed work.

### THE PRENDERGAST TRIAL.

The Assassin Takes the Stand in His Own Behalf.

CHICAGO, June 27.—Assassin Prendergast was a witness in his own behalf yesterday in Judge Payne's court, where his sanity is being tested.

The preliminary examination was conducted by Judge Payne. His replies were intelligently given, until suddenly he decided not to submit to further questioning. The court told him that he would continue to examine him whether he replied or not. Some replies were made, while he avoided others. His nervousness increased until the court touched upon the subject of his reading.

The examination was concluded at 12:30 and at the afternoon session a number of witnesses, many of whom appeared for the defense at the first trial, were examined.

Brutal Robbery of a Farmer.

VAN WERT, O., June 27.—Five robbers visited the residence of Christian Reese, early yesterday morning, broke in a door, and after clubbing the farmer and his wife until they revealed the hiding place of their money, secured \$50 and departed. Mrs. Reese had two ribs broken, and was otherwise seriously injured.

## ANGER AND SORROW.

The Anti-Italian Demonstrations at Lyons.

### THE MOB DISPERSED BY CUIRASSIERS.

M. Casimir-Perier the Coming Man—An Unpleasant Mishap—Telegrams of Condolence—A Franco-Italian Riot at Dijon.

#### Anti-Italian Riots in Lyons.

LYONS, June 26.—Anti-Italian demonstrations were kept up throughout the night, in spite of the efforts of the police and military to prevent them. Several Italian shops and dwellings were attacked and wrecked during the night, and all Italians who came in the way of the mob were beaten or otherwise maltreated.

This morning an attack was made upon the Italian quarter by the largest mob that has yet gathered since the assassination of the president. Italian houses and shops were broken into, their occupants beaten—some barely escaping with their lives—and their contents thrown into the streets. Not a single Italian shop or dwelling escaped the fury of the mob. The furniture, provisions, etc. were thrown out of the houses, and were gathered in heaps and burned in the streets.

The mob was finally dispersed by a guard of cuirassiers, headed by the prefect. The police patrols arrested 300 of the rioters and put them in jail. A cordon of soldiers is surrounding the Italian consulate. All is quiet now.

#### Canadian Sympathy.

OTTAWA, Ont., June 27.—The governor-general of Canada has cabled Lord Dufferin, British minister at Paris, requesting him to convey to the French ministry the sincere sympathy of the Canadian government with the French people in the calamity which has befallen them in the assassination of President Carnot. Sir John Thompson has sent his personal sympathy with her in her heavy bereavement to Mme. Carnot.

#### Telegrams of Condolence.

PARIS, June 27.—Telegrams of condolence from all parts of the world are being received by Mme. Carnot and the government. These dispatches are all laid before the cabinet.

The cabinet, after its meeting yesterday afternoon, proceeded to the palace of the Elysee, where the ministers were received by Mme. Carnot. The ministers informed her of the arrangements which had been made for the funeral.

#### An Unpleasant Mishap.

PARIS, June 27.—When the coffin containing the body of President Carnot was being taken from the hearse at the Elysee palace it slipped from the grasp of some of the men handling it and fell to the ground bearing the men who still held on with it. The heavy casket fell upon two or three of them, injuring them painfully.

#### A Franco-Italian Riot at Dijon.

LONDON, June 26.—A dispatch to the Times from Paris says that a riot has occurred at Dijon, where M. Carnot's son-in-law lives, between Italian quartermen and a number of residents. Troops were summoned from Besancon to keep order.

The dispatch adds that the pope has celebrated mass for the repose of the soul of M. Carnot.

#### To Succor the Late President Carnot.

PARIS, June 27.—At a plenary meeting of all the republican senators yesterday, in order to decide upon a candidate for the presidency, in succession to the late President Carnot, a vote was taken with the following result: M. Casimir-Perier, 144; M. Dupuy, 15; M. Brisson, 6; M. De Freycinet, 4; M. Constans, 2; M. Arago, 2; M. Loubet, 2; M. Carnegnae, 1.

#### Fixed for Sunday.

PARIS, June 27.—The cabinet held a meeting in the ministry of the interior yesterday to perfect arrangements for the funeral of President Carnot which has been fixed for next Sunday.

### FAILED IN BOTH INSTANCES.

An Ineffectual Effort at Wife-Murder and Suicide.

ST. LOUIS, June 27.—Raymond Wilman, a laborer, 48 years of age, tried to shoot his wife and then attempted suicide, at 4 o'clock yesterday morning, by swallowing a dose of carbolic acid. Wilman lives with his wife and family in the rear of 1824 South Seventh street. Of late, it seems, there had been considerable trouble between himself and wife, which culminated Monday night in a quarrel, during which Wilman attempted to shoot her. Remorse over this tragic effort is believed to have caused him to try to kill himself.

When Wilman took poison Officer Schmidt, of the second district, was notified and he hastily had the man removed to the city hospital, where Dr. Marks applied the stomach pump and washed him out.

Officer Schmidt told Dr. Marks to hold Wilman a prisoner, as his wife would prefer a charge of disturbing the peace against him. She says that he pointed a pistol at her and would have killed her had she not taken the pistol away from him.

The couple have been married twenty-one years.

Wilman was dismissed from the city hospital at 10 o'clock this morning for his experience. He was sent back to the second district police station, but his wife refused to prefer any charge against him, and he was discharged.

#### Annihilating Time.

WATHAM, Mass., June 27.—John S. Johnson broke the world's bicycle record for one mile here yesterday, covering it in 1:56.

## TELEGRAPHIC NOTES.

—The Khedive of Egypt arrived in Constantinople Monday.

—The seventh annual convention of the National Republican league met in Denver, Col., yesterday.

—Gen. Jeffries and the northwestern division of the army of the commonwealth invaded the twin cities, St. Paul and Minneapolis, yesterday.

—The president went to the senate yesterday for the nomination of Charles de Kay, of New York, to be consul-general of the United States at Berlin.

—Secretary Carlisle resumed his duties at the treasury department yesterday, looking much refreshed from his week's cruise at Chesapeake bay.

—The steamers Croeshill and Norah collided in the British channel yesterday. The Norah sank, and several of her crew are missing. The Croeshill was headed for London.

—William J. Deht, aged 29, elevator man in the Clinton building at Columbus, O., was caught in the machinery of the elevator, yesterday morning, and instantly killed.

—Caleb Cody was hanged by a mob at Bowling Green, Ky., Monday night, after admitting that he had made an attempt to assassinate the wife of his employer M. W. P. Coleman.

—The Edgar Thomson steel works of the Carnegie company, located at Braddock, Pa., resumed its full yesterday morning, giving employment to 1,500 men. The plant had been closed several weeks on account of the fuel famine.

—Conrad H. Meyer, feed dealer at St. Louis, was stabbed in the back yesterday morning, while sitting at his desk, and was killed. Meyerhofer, who had applied to him for work or assistance and been refused. The wound is not a dangerous one.

—The murderer of Mrs. Carrie Reid in the office of the Thayer Lumber Co., in Chicago, who afterward committed suicide, has been identified as Albert E. Hunt, a resident of that city. He murdered her because she refused to get a divorce and marry him.

—The miners' strike in Indiana was finally brought to an end yesterday morning by the operators conceding the five cents a day increase in the wages of the day laborers, making it \$1.50 a day. Work has generally been resumed throughout the state.

—In the central criminal court of London (Old Bailey) the grand jury made a return yesterday throwing out the bill against Gen. John Hewston, of California, charging him with manslaughter in causing the death of George Burton, an itinerant musician, by thrusting the ferule of an umbrella into his eye.

### FIFTY-THIRD CONGRESS.

(First Session.)

#### SENATE.

WASHINGTON, June 26.—Some eight sections, covering about sixteen pages of the tariff bill, were disposed of in the senate today, all applying to the income tax, and twelve pages more remain to be gone through with before that portion of the bill will be completed. The votes exempting the salaries of the president of the United States and of United States judges are to be reconsidered, unless Mr. McLaughlin (dem. Mass.) should change his opinion on that point; but whether he will wait till the bill shall be reported to the senate or not remains to be decided.

During the first half of the day Mr. Hill was again the central figure of opposition to the finance committee, and at one point he almost succeeded in getting the better of the committee. That was on a motion to exempt from the provisions of the income tax bonds issued by states. Four democratic senators who had been hitherto faithful to their party ranged themselves on the side of Mr. Hill. They were Senators Quay, McKim, Fugate and Caffery. But Mr. Morgan (rep. Ind.) voted for Mr. Hill's amendment, was paired with Mr. Quay, who, as a republican, would also have voted for it, and so two votes in his favor were lost. Besides that Senator Fry, who has usually been found voting with Mr. Hill, voted with his party; and the populist senators also voted with the democrats. In this way Mr. Hill failed to get his amendment adopted, but he came dangerously close to it, the vote being 37 to 36. The provisions as to corporations occupied the remainder of the day's session up to 6:30 p. m., when the senate adjourned.

#### HOUSE.

The house to-day fully disposed of the general deficiency appropriation bill for the year ending June 30, 1904. Most of the session was spent in consideration of the question of paying the judgments rendered by the court of claims in the matter of claims on account of Indian depredations. It was agreed, as the result of three hours' discussion, to appropriate \$100,000 toward the payment of the judgments which aggregate \$514,000. The changes made in the bill add, net, something over \$100,000 to the total appropriation, carried by making it in round numbers \$5,000,000.

In the morning hour a senate bill was passed, on motion of Mr. McLaughlin, making Labor day (the first Monday in September) a legal holiday. Also, a house bill, on motion of Mr. Fletcher, providing that in all claims arising under the pension laws of the United States the oath of a private soldier or noncommissioned officer shall have the same force and effect as that of a commissioned officer.

### SHILOH'S BLOODY GROUND.

Where One Hundred Thousand Men Met in Deadly Conflict, to be Turned Into a National Park.

WASHINGTON, June 27.—One of the plans of this congress is the bill introduced by Representative Henderson for a national park on the battlefield of Shiloh, which has been favorably reported. Nearly 100,000 men participated in the two days' fighting at Shiloh. The battle ground embraces 3,000 acres, over which the state of Tennessee will grant jurisdiction to the United States. The bill gives the government authority to institute condemnation proceedings, but to avoid entailing hardships upon residents who desire to retain their homes, they will be permitted to lease their lands at a nominal rent on condition that they keep the grounds in good order. Land can be acquired for \$12 an acre, the report states. The roads are unchanged since the battle was fought, and it is proposed to restore the field as nearly as possible to its former condition, the states co-operating by erecting tablets to mark the stands of their regiments. It is proposed to have the work done by a committee of three veterans, one of whom served in the Army of the Tennessee under Gen. Grant; one from the Army of the Ohio, commanded by Gen. Buell, and one from Gen. Johnston's confederate army of the Mississippi.

#### The Tug Nicol Disaster.

NEW YORK, June 27.—Many visitors called at the morgue yesterday for news of the dead from the lost tug Nicol. Keeper White had not a word of intelligence for them, however. No bodies had come in during the night and none of the missing had been reported as found.

Three more men were reported missing yesterday by their relatives. This makes the total list of missing thirty-eight.

The identity of the only one of the recovered bodies unknown Monday was discovered yesterday. He was Andrew Weiser, a blacksmith, of this city. Apparently the disaster cost forty-two lives.

# Goods You Need.

We call your special notice to goods that you will need this week.

### LADIES' GOODS.

#### Shirt Waists, 48c.

One Lot of 60c, 65c and 75c Shirt Waists reduced to 48c. See the Blue Percale Waists, starched collars and cuffs, at \$1.00. Ladies' Silk Mitts at 25c, 35c and 50c. Ladies' Vests at 10, 15, 20 and 25c. Extra good Fast Black Hose at 10, 12½, 15, 20 and 25c. Ladies' Summer Corsets at 50c. Sun Umbrellas at \$1.50, usually sold at \$2.00. Ladies' Oxfords at 98c, \$1.25, 1.50, 1.75 and 2.00. Ladies' Button Shoes at \$1.50, 1.75, 2.00 and 2.50.

GOWNS FOR SUMMER.  
Linen of All Sorts Hold an Exalted Position—The Irish Flax Fabrics.  
Among other novelties this season is the hopsack linen. Seen at a little distance, the hopsack linen has all the appearance of a rich thick silk, and yet it possesses all the hard wearing and washing properties of an ordinary linen. The range of colors is exceedingly good, a soft gray blue being particularly artistic, a light which is worthy of note, for a great drawback to the ordinary hopsack is the hardness of the coloring. Great care has been taken, however, to produce these linens in the most becoming colors. The new material is 27 inches wide, and it is quite sufficiently substantial to make up well without any lining.

A great variety of plain linens have been prepared, and among them there is to be found the real "butcher blue," and why this most attractive material need be reminded of its disagreeable extraction by being labeled "butcher blue" when by another name "would sound more sweet is a matter for conjecture. For children's dresses and shirts a third light make of linen is to be recommended very strongly. This may be procured in blues and various other tones, a pretty heavy being included in the range of colors. These materials are all made in fast colors only and are handmade by the Irish peasantry. For skirts and coats, tunics and boating dresses and cover coats for summer wear these fabrics are perfection, while the hopsack linen is quite worthy of taking its place among the smart materials which adorn our persons on great occasions, while it would equally adapt itself to the needs of the woman who yearns for a washing tea gown or robe de chambre of attractive appearance.

The galatea cottons, so long used for children's sailor suits, are this season added to the list of fabrics for adults and are being made up into gowns for yachting and country wear. They come in narrow stripes of white, alternating with blue, red, brown or black, and also in solid colors.

The old-fashioned grass cloth or linen hat, but of pale cream and tan shades is made up in very chic gowns for midsummer wear. They are trimmed with heavy laces in points, medallions and intricate and are given a touch of color by a velvet stock and belt of life green, turquoise blue, golden brown or pink.

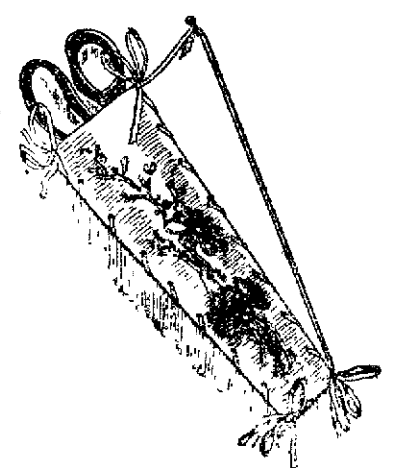

Dimity gowns are again in order, as are those of pique swiss and organdie. Very effective piques have ribbed stripes of dark blue and white only a quarter of an inch wide. These are made with a round waist jacket and deep volant, cut circular and open up the back. The open fronts have the revers and sailor collar now in vogue, with an extra white pique collar buttoned on invisibly. Pique blazers, cut short and full in the back, button only once on the bust, are rounded below to show a vest or shirt and have a notched collar stitched near the edge. Curved slit pockets are on the sides.

Notes For Piano Teachers.  
I found that many teachers made the mistake of giving the pupils too much in a lesson. Instead of taking one point and making it perfectly clear to the pupil, they confused the latter with a multitude of details, and the consequence was that the pupil did nothing intelligently and well, writes Percie V. Gerwin in The Etude. He says:

I was surprised to find some teachers using the Mason "Touch and Teach" with the hand and arm in a state of great rigidity. Unless the muscles are kept vitalized, one would better have the two finger exercise alone, as it may be productive of more harm than good, owing to the fact that the contracted muscles are exceedingly liable to strain.

One teacher had been playing for years with not only the forearm, but the upper arm to the shoulder as rigid as iron. He had been studying all the time with good (?) teachers—at least teachers of reputation as musicians. He could not play three pages of a piece containing perfectly easy finger work without becoming exhausted. I was obliged to forbid him the use of the piano entirely (for he could not even play legato) and go back to the most elementary work on the Virgil Clavier before I could secure the free action of the fingers, with the hand and arm in a vitalized condition.

Case For Scissors.  
In fine needlework the scissors are an important accessory. These need to be sharp and easily opened and shut. To

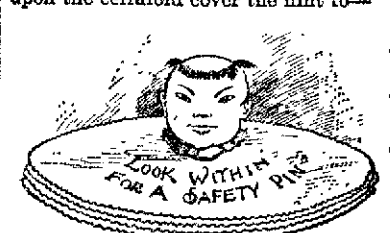

keep them from tarnishing it is almost necessary to place them in a case when not in use. Following is a scissors case described by The Delineator:

Two sections of cardboard are covered with colored felt silk and joined with narrow ribbon, the ribbon terminating in loops and ends at each upper and lower corner. The outer section is embroidered in a floral design, and a ribbon is arranged by which the case can be conveniently suspended.

Chamons may be substituted for the silk if it is so desired, but either silk or chamons will keep the scissors bright.

A NURSERY CONVENIENCE.  
It is a Safety Pin Holder of Cheap and Pleasant Construction.  
There are all styles and shapes of pin-cushions, from the practical, old-fashioned square design to the latter day bit of giddiness—frills and ruffles and ribbons. Hair-shoes, tamboorines, croissants, four leaf clovers, triple bolsters and a dozen different fancies are to be seen in gowns of satin, overlaid with foamy frills of lace.

The decapitated head of a Chinese doll is fastened in the center of the celluloid.

Another home for safety pins is offered in the hanging lengths of ribbon, half a dozen strips of satin ribbon about 1 1/2 inches wide and a quarter of a yard long, joined together at the top, where they are tipped with a doll baby's head set in a clown frill of lace or gauze. This pinholder is suspended by several loops of bebe ribbon. The foregoing suggestions were made by a contributor to Golden Days.

Short Circular Capes.

Fascinating little capes of black velvet or moire reach only to the elbow, yet are so full that when spread out flatly they are found to lie in a perfect circle. These, says Harper's Bazar, are untrimmed along the outer edge and have light linings of rich brocade of pale yellow or pink of becoming shade. Their trimming is all at the top, in spangles or sequins, describing a yoke deeply curved twice in front and in the back, and once on each shoulder. To outline this yoke and give fullness about the neck are fluffy ruffles of black chiffon doubled and fluted diagonally, the whole producing a charming effect.

This circular cape is a good model for a wrap to give slight protection about the shoulders to those dressing in mourning. It should be made of black crepe de chine lined with silk, the edges untrimmed, but the shoulders covered with English crepe and bordered at neck and below with a thick ruche of the English crepe doubled.

Sachet For Gloves.

For those who can afford to pay the price there are elaborate gloveboxes of various makes and materials in all the stores devoted to fancy goods. These boxes furnish a convenient receptacle for gloves now and old, provided they are long enough to accommodate the

A GLOVE SACHET OF FLUX.  
gloves without folding. It is this point that favors the glove sachet made at home and therefore exactly the proportions desired.

The folding sachet is a popular style, and it may be made of plush or velvet. The lining is of wadded silk well perfumed, and a finish is given by silk or silk and tinsel cord set on in loops at the corners. The upper side is beautifully decorated with a panel of ivory satin painted with wattle figures in delicate tints. If one cannot paint, one of Prang's satin art prints may be used. The sachet is tied shut with ribbon.

Previous to placing gloves in either box or sachet pull them into shape and let lie for a little time exposed to the air. This advice refers, of course, to gloves that are being worn. Quite new gloves ought to be wrapped in white tissue paper, each pair being wrapped separately.

Worth Knowing.

Nothing is better for cleaning dusty and greasy garments than soap bark. However, it cannot be used for light hued garments, as it possesses just enough coloring to darken delicate tints. It is quite inexpensive and may be purchased at any drug store.

A carpet with small figures not only wears better than one with large, but makes a small room seem larger than it is.

When the end of a seam is reached in stitching by machine, the easiest and neatest way of fastening the threads is to turn the work around and restitch for a short distance.

A drop of oil and a feather will do away with the creaking in a door or a creaking chair.

Pillowslips should be ironed lengthwise instead of crosswise if one wishes to keep wrinkles out instead of in.

Ballard's Snow Liniment.

This Liniment is different in composition from any other liniment on the market. It is a scientific discovery which results in its being the most penetrating Liniment ever known. There are numerous white imitations, which may be recommended because they pay the seller a greater profit. Beware of these and demand Ballard's Snow Liniment. It positively cures Rheumatism, Neuralgia, Sprains, Bruises, Wounds, Cuts, Scalds, Sore Feet, Contracted Muscles, Stiff Joints, Old Sores, Pain in Back, Barb Wire Cuts, Sore Chest or Throat, and is especially beneficial in Paralysis. Sold by C. H. Dawson, Druggist.

Is condemning a Munich paper to pay a fine of \$25 for an unfavorable criticism of a new portrait, the original of which is well known there, the Judge said that a critic had a right only to judge a picture from an artistic point of view and not to draw any moral inferences.

A Sound Liver Makes a Well Man.

Are you Bilious, Constipated or troubled with Jaundice, Sick Headache, Bad Taste in Mouth, Foul Breath, Costed Tongue, Dyspepsia, Indigestion, Hot, Dry Skin, Pain in Back and between the Shoulders, Chills and Fever, &c. If you have any of these symptoms, your Liver is out of order, and your blood is slowly being poisoned, because your Liver does not act properly. HERRICK will cure any disorder of the Liver, Stomach or Bowels. It has no equal as a Liver Medicine. Price, 75 cents. Free trial bottles at Dawson's drug store.

The copyright of "Uncle Tom's Cabin" expired a year ago, but Mrs. Harriet Beecher Stowe is still allowed a bonus from the sale of the work by her publishers.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For Sale By KING & HUBBARD.

PARKER PUBLISHING CO. of Concord, N. H., who was a prominent worker in the abolition movement with Garrison and Phillips, has had a slight stroke of paralysis.

RUDY'S PILE SUPPOSITORY is guaranteed to cure Piles and Constipation, or money refunded. 50 cents per box. Send stamp for circular and free sample to MARTIN RUDY, Lancaster, Pa. For Sale by W. A. Dixon & Co., Druggists, Decatur, Ill.

The old lady in New York who left \$300 in her will for the keeping of her dog "Bobby," may have had a reunion in view. Bobby is a Skye terrier.

SOMETHING wrong when you tire too easily. Something wrong when the skin is not clear and smooth. Something wrong when the blood is impure. Everything right when you take De Witt's Sarsaparilla. It recommends itself. C. H. Dawson.

#### RETURN OF THE VISITORS.

**Decatur Turners Home From the State Fest—Banquet and Music.**

The victorious Decatur Turners were given an enthusiastic welcome home last evening on their arrival from Springfield, where they attended the Central Illinois Beazir, and carried off the first prize and wreath. Goodman's Band and a special committee of citizens were at the depot, and when the victors alighted from the train there was a general jubilee. Then the procession was formed and the column moved off, marching through the business part of the city and down East Main street to Turner Park, where a banquet was served to the prize winners. Along the route the people gathered to view the triumphant march and cheer the victors, who carried brooms and were decorated with wreaths and flowers.

The Decatur Turners took first prize in the first class, their average being 36.04; the second prize went to Peoria with 31.71. Decatur also took the second prize in the second class, barely missing first. The other prizes in this class went to Moline; to the Concordia of Moline, to Rock Island, to South Side Peoria, to Springfield and to Blooming-ton. In the Ladies' class the first prize went to Peoria, second to Decatur, third to Rock Island, fourth to Springfield. In the class for individual turning of the hardest or most difficult kind, Harry Shlaudemann of Decatur took first prize. In the contest of the second order Wm. Hambrecht of Decatur was second, John Scheer of Decatur fifth, Wm. McGurnay of Decatur sixth, and Geo. Lichtenberger of Decatur ninth. Carl Walters of Decatur won first prize in declamation.

Great credit is due Prof. Carl Toll, whose careful teaching and training made it possible for the Decatur Turners as classes and individuals to make such a glorious record among the experts at the Beazir.

#### CROP PROSPECTS GOOD.

**Wheat and Corn in Illinois Promise a Very Fine Yield.**

The weekly crop bulletin issued by the Illinois Weather Service for the week ending June 25 says: Corn generally is reported in fine condition, is well cultivated, making rapid growth, and with seasonable weather will be an immense crop. Wheat harvest is nearing completion in the southern counties. Much of it is already in shock and the yield and quality reported good. In the central counties the crop is being harvested. Some correspondents of this section report considerable damage to wheat by chinch bugs. Rye is being cut but the reports generally indicate a light yield. In the southern and central counties there is but slight change in the condition of oats, which are only fair with prospects of a yield below the average. Many correspondents of the southern districts say this crop is looking well and heading nicely.

Where it can be seen there is a slight improvement noticed in the meadows, but the yield of hay will be short. Pastures are in poor condition, needing rain badly. There is slight improvement in fruit. Clover hay has been secured in good condition. In some instances the young clover is dying, owing to the lack of rain.

#### SPRINGER SPOTTED.

**The Democratic Congressman is Renominated by His Party—Marked for Defeat.**

Tuesday night at Springfield the Democratic convention for the Seventeenth district was held, with Hon. I. A. Buckingham, of Macon county, as chairman, W. B. Wilkins, of Christian county, secretary.

William M. Springer, the present incumbent, was renominated for congress by acclamation. His name was proposed by J. B. Ricks, of Christian county. Mr. Springer, who had just arrived from Washington, was brought before the convention to make a speech, and he gave them the old story.

This congressional central committee was elected:

Christian—Frank P. Drennan.  
Logan—Samuel Mangas.  
Macon—J. M. Gray.  
Menard—C. B. Loring.  
Sangamon—Charles A. Keyes.

#### To Whom it May Concern.

Be it known that the Alert Juvenile Hose Team has changed its meeting night from Thursday to Friday night. All members are requested to be present next Friday as the constitution and by-laws will be adopted. By order of committee. G. CONKLIN, Captain.

J. C. ALLEN, Secy.

#### Newsham—Sullivan.

Joseph Newsham and Miss Josie Sullivan were married yesterday afternoon at 4 o'clock at St. Patrick's church. The wedding was a very quiet affair. Mr. and Mrs. Newsham will begin house-keeping on North Monroe street. The groom is an employe in the retail house of J. C. Starr & Son.

#### Sold to T. P. Roddy.

W. C. Pluck, the assignee, has sold the Conklin & Houseman wall paper stock in library block to T. P. Roddy.

#### COUNTY BOARD MEETING.

**Called to Select Jurors—The Official Proceedings in Full.**

The board of supervisors of Macon county, Ill., met at the court house in the city of Decatur, on the 26th day of June, 1894, at 1 o'clock p. m., pursuant to the following call:

Decatur, June 26th, 1894.

To Geo. P. Hardy, County Clerk.

You will please call a special meeting of the board of supervisors to meet at the court house in the city of Decatur on the 28th day of June, at 1 o'clock p. m., for the purpose of selecting petit jurors.

(Signed)

H. C. Griffin, Jas. H. Parker, S. C. Davis, Geo. Lowery, J. H. Walker, J. B. Nowlin, H. F. May, C. W. French, Ross Hockaday, Hiram Johnson, J. A. Davidson, D. C. Davidson, M. A. Conrad.

On roll call the following named members answered to their names: Supervisors Ammann, Bean, Brintlinger, Conard, Connelly, Davis, Davidson J. A., Davidson D. C., Dickson, Draper, French, Griffin, Hallack, Hockaday, Hollinger, Johnson, Lowery, May, Moffett, Nowlin, Parker, Thrift and Walker. Absent: Suprs. Lockhart and Nicholson.

The board proceeded to business.

Hon. H. F. May, Chairman; Geo. P. Hardy, Clerk. Peter Perl, Sheriff.

The members not being able to complete the lists of petit jurors, on motion of Mr. Johnson the board adjourned until 8 o'clock a. m. to-morrow.

SECOND DAY SPECIAL SESSION, JUNE 27.

The board of supervisors met pursuant to adjournment.

Present, Supervisors Ammann, Brintlinger, Conard, Connelly, Davis, Davidson, J. A. Davidson, D. C. Dickson, Draper, French, Griffin, Hallack, Hockaday, Hollinger, Johnson, Lowery, May, Moffett, Nowlin, Thrift and Walker. Absent, Supervisors Bean, Lockhart, Nicholson and Parker.

A quorum being present the board proceeded to business. Hon. H. F. May, Chairman; Geo. P. Hardy, Clerk; Peter Perl, Sheriff.

The members of the board presented lists of names of legal voters to constitute the petit jury list.

The following resolution was offered and adopted on motion of Mr. Johnson.

Resolved by this board, that the list of names of legal voters selected by the members representing the different townships of the county and recorded in the petit jury record be approved.

W. T. MOFFETT.

On motion of Mr. Johnson the board adjourned.

Geo. P. Hardy, Clerk.

#### REPORT ON THE JAIL.

The jury submitted this written report to Judge Vail:

We find the jail in a clean condition, and in as good a sanitary condition as is possible with the present arrangements and ventilation of the same. We would recommend to the court and supervisors of this county that there be made improvements in the jail so as to give better light and ventilation in the part for men, and that there should be more room for boys and females. Also that the residence portion should be remodeled so as to be more separate from the jail part, also that the section of iron railing running on the west side of the upper tier of cells be replaced at once without fail.

The report is signed by Foreman E. E. Moffett and all of the grand jurors.

#### In Memoriam.

At a regular meeting of Decatur Lodge No. 65, I. O. O. F., the following was unanimously adopted:

On Wednesday, June 14, 1894, our beloved brother F. C. Jones, died peacefully at his home.

On Friday evening at the close of the day, his remains were laid to rest in the silent tomb and as the shadows deepened, the evergreen and flowers were strewn on the bier, tokens of an everlasting friendship and love. In our hearts we were impressed that truth was his imperishable virtue. "How cheerless the house of the dead, unrelieved by the prospect of immortal life. But hope beacons over man's last resting place, a hope bright with immortality, which, based upon earth, extends far into the sacred realms of eternity."

Brother F. C. Jones, having been a member of Decatur Lodge No. 65, April 20, 1882, and for a period of 12 years held continuous membership, fitting tribute to himself and the lodge every office of trust within his gift.

He was one of the founders of the present "Degree Staff." He was an active, whole-souled Old Fellow, who believed in the principles of Old Fellowship and lived them in his life. He ever had at heart the good of the Order, was loyal and yielded a willing obedience to all her demands. He was a rare example of large-heartedness, who was moved to acts of charity and self-sacrifice when opportunity offered.

Our lodge has lost one of her main pillars. The Order one of her most worthy and loyal members, and humanity one of her warmest friends. Surely with the saint of old he could exclaim, "I have fought a good fight, I have finished my course, I have kept the faith."

Decatur Lodge No. 65 extends her heartfelt sympathy to the widow and daughters in their bereavement. We would point them to the merciful Father above, who looks down in pity and love ready to aid us in time of trouble.

This memorial will be spread on our records daily published and a copy furnished the family.

I. N. MARTIN, Treas.

M. W. MATHIAS, Secy.

A. W. HENNINGSON, Committee.

#### The Tour of the World.

All the numbers of the Photographic Tour of the World have been received at the Republican office, and those who have only taken part of the series should call at once and fill up their set. No one who started in can afford to be without the entire set of portfolios of this magnificent work.

#### Death of Ann C. Peters.

Mrs. Ann C. Peters, aged 81 years, sister of the late W. J. Condit, of Decatur, died Tuesday morning at the residence of her son, John T. Peters, at Springfield. This morning Mrs. Condit went to Springfield to attend the funeral, which took place this afternoon.

#### BOOKED FOR THE MEETING.

**Noted People who will be Seated and Heard at the Prohibition Camp-Meeting.**

Miss Lucy Dickson, of Peoria, Ill., entered the gold medal education test during the National Prohibition camp meeting. Her subject was "The Prohibition House."

J. T. Smith, of Decatur, was elected the representative of the college in the place, in the young men's contest in the opening day of the camp meeting for the prize of \$50.

Walter M. Kellogg, D. D. of the Michigan, a platform orator, will be in the camp, and also address the speakers. He will be accompanied by the noted vocalist, Alfred A. V. Black, who will give solos and temperance songs.

Gideon P. Muehlen, who was the prohibition candidate of Ohio for governor in 1883, will probably be added to the list of speakers for the first Saturday and Sunday. He is regarded as one of the ablest in the prohibition ranks.

Years ago he was a professor in Western college in this state. Other speakers under positive engagement are Dr. H. Mann of New York; Mrs. Mary H. Carlock of Berea, Ky.; Rev. H. H. Meek, the Indian orator, who was three years ago; Mrs. Helen M. of Indiana; Rella Kirk Bryan, the Ohio talker; Dr. N. T. Edwards, prohibition candidate for superintendent of state instruction; Ex-Gov. John P. St. John; Mrs. Rena Michael Atchinson of Chicago; Dr. J. G. Evans of Alabama; and a candidate for U. S. Senator.

The second day there will be a program in which a prominent member of the state will affirm that the prohibition party is unreasonable, although not scriptural, but the details have not been fully arranged.

It is expected that there will be some camping parties from colleges and from Good Templar lodges.

An effort is being made to make up a Good Templar excursion from Chicago.

#### Good Templars.

Decatur Lodge, No. 361, had a good program last night which included a recitation by Fred Cassell, reading by Phiny J. Smith, speeches by Theodore Coleman and others. Committees for the Clover social Friday night were announced. The lodge then adjourned and went over to the hall of Decatur Lodge and took part in the meeting. This lodge is having a hard time to pull through the hot weather, but was encouraged by the members of Decatur and Faithful to renewed efforts.

#### If You Want Money.

You can borrow it on any class of security, at Albert T. Summers' private bank, No. 145 North Water street, over Ames' carpet store. June 25 dlv

#### Soft Coal.

I have now on hand a sufficient supply of soft coal to fill all your orders, at the same old price. F. D. CRAWFORD. 22 dlv

It is rumored that a certain very insurance agent in Hawthorn block will be united in marriage next fall to a St. Louis belle.
